It is so important to start the day with a positive attitude and a good mood. Now this does not just happen because lets face it, we all hate getting out of our comfy warm beds!

Exercise helps to create a good mood and positive attitude so that you will be ready for a day of learning.

# Lesson 4: English

On a beautiful sunny day a tadpole swam up to where the willow meets the water. He met a rainbow caterpillar and fell deeply in love. The black tadpole promised that he would never change.

A tadpole met a caterpillar and made a promise.

Tadpole changed and broke his promise.

Caterpillar forgave him.

The caterpillar changed into a butterfly.

The frog ate the butterfly.

This is the bare bones of the story 'The Tadpole's Promise'. I would like you to use this to VERBALLY retell the story. If you read out just those words it is going to be very boring. Think about what you will add to what is below to make the story exciting. You can video or write down your retelling of the story. You could also get your parent to write down what you say when you are telling the story.

## Lesson 5: mini-beasts

How do bees make honey?

Watch the video (look back to your work on Friday 1<sup>st</sup> May). Then have a go at answering the question. Can you use some diagrams to help you explain? Present this lesson how you like.

I can't wait to see all of your  
amazing work...
