

Tuesday 12th May 2020

Here are today's activities and hope that you enjoy them.
Remember to try to read and practise your tables everyday too!

Activity 1	Start the day with PE with Joe Wicks' at 9 am. Make sure you wear the right clothing and have enough space.
Activity 2	Maths - today you need to add and subtract money. Can you work out the new totals?
Activity 3	English - once again Harry Potter is our theme for using conjunctions and adding clauses to our sentences.
Activity 4	Art - using aboriginal symbols draw your own map showing the different things you meet on your journey.
Activity 5	Have a go at Cosmic yoga (link below).
